Figure 1 :

A screenshot of a web browser displaying a quiz interface. The browser's address bar shows 'localhost:5000'. The page title is 'The Number Quiz'. Below the title, it says 'Your current score is 0'. The instruction is 'Guess the next number in the sequence.' followed by the sequence '3,1,4,1,5,'. Below this, it says 'Your answer:' followed by a text input field containing the number '9'. At the bottom, there is a 'Submit' button.

Figure 2:

A screenshot of a web browser displaying the same quiz interface as Figure 1. The browser's address bar shows 'localhost:5000'. The page title is 'The Number Quiz'. Below the title, it says 'Your current score is 1'. The instruction is 'Guess the next number in the sequence.' followed by the sequence '1,1,2,3,5,'. Below this, it says 'Your answer:' followed by a text input field containing the number '8'. At the bottom, there is a 'Submit' button.

Figure : 3

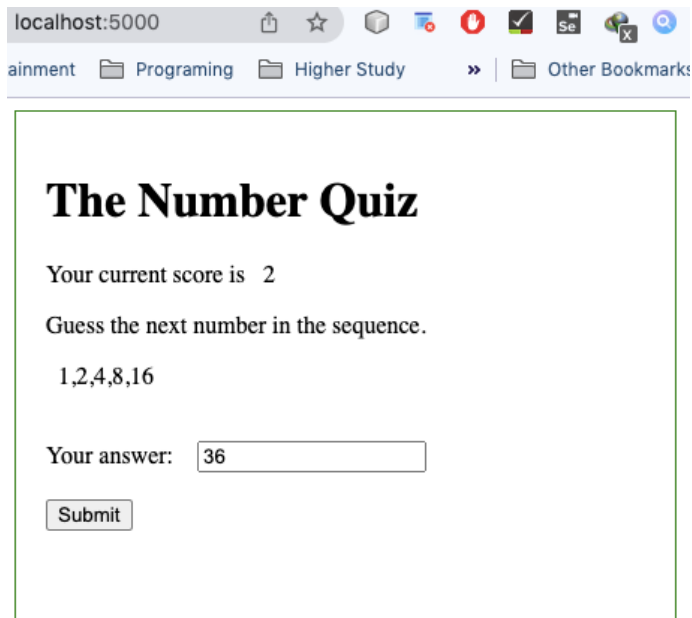

A screenshot of a web browser window. The address bar shows 'localhost:5000'. The browser has several tabs open, including 'ainment', 'Programing', 'Higher Study', and 'Other Bookmark'. The main content area displays a quiz titled 'The Number Quiz'. Below the title, it says 'Your current score is 2'. The instruction is 'Guess the next number in the sequence.' followed by the sequence '1,4,9,16,25,'. There is a text input field with the number '9' entered, and a 'Submit' button below it.

[ Explanation : in Figure-1 and Figure-2, user wrote correct answer in input box and clicked on submit button for both quiz questions . it counts user score for each quiz question and threw third question with previous score for 2 questions, which has been shown in Figure-3.]

Figure -4

A screenshot of a web browser window. The address bar shows 'localhost:5000'. The browser has several tabs open, including 'ainment', 'Programing', 'Higher Study', and 'Other Bookmark'. The main content area displays a quiz titled 'The Number Quiz'. Below the title, it says 'Your current score is 2'. The instruction is 'Guess the next number in the sequence.' followed by the sequence '2,3,5,7,11,'. There is a text input field with the number '32' entered, and a 'Submit' button below it.

Figure-5 :

localhost:5000

ainment | Programming | Higher Study | Other Bookmarks

## The Number Quiz

Your current score is 2

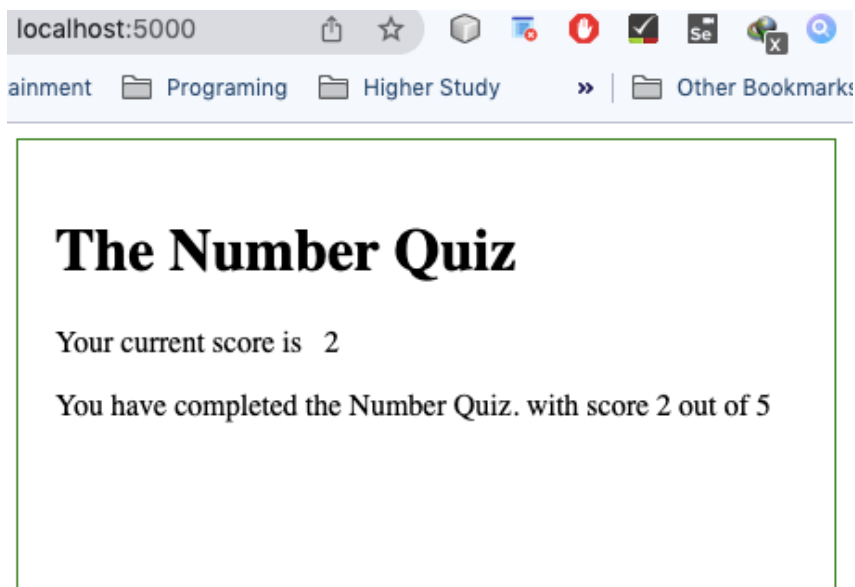

Guess the next number in the sequence.

1,2,4,8,16

Your answer:

[Explanation: in Figure -4 and Figure-5 , user wrote wrong answer for this two question ,that's way it does not raise user score. After completing five quiz questions it showed the user total score , which has been displayed in Figure-6.]

Figure-6

localhost:5000

ainment | Programming | Higher Study | Other Bookmarks

## The Number Quiz

Your current score is 2

You have completed the Number Quiz. with score 2 out of 5
